Notes & Details

This commercial hot plate offers four powerful burners with a combined output of 120,000 BTUs, designed to meet high-capacity culinary needs. Made from high-quality stainless steel, it resists high temperatures and rust, ensuring long-lasting durability. Each burner is controlled by an independent knob, allowing for precise heat adjustments, while heavy-duty cast iron grates provide excellent stability and support. The easy-to-clean design includes a removable tray for quick maintenance. With adjustable legs and compatibility with both natural gas and propane, this unit is ideal for restaurants, cafeterias, and food trucks.
