120-volt 16-inch Mirage® square countertop induction buffet warmer in natural finish

Expand your menu offerings while saving energy with the Mirage square countertop induction buffet warmer by Vollrath. This warmer's touch controls are easy to use and prevent accidental temperature adjustments, while the LED indicator lights on the control panel and glass top keep you informed. The four temperature settings allow you to hold a variety of foods at safe temperatures. Several safety features extend the life of the unit and improve the overall experience. The black tempered glass top is durable and easy to clean, while the elegant natural finish and smooth design coordinate with any serving setup. Due to the low power usage, you can operate up to three warming units per electrical outlet, simplifying cord management and easing load capacity concerns. Easily connect up to three units with the included interconnect cords, and then plug the middle unit into a wall outlet. Whe...
