8 ⅕-quart square fluted double-wall stainless steel serving bowl

The fluted serving bowl by Vollrath is an elegant, attractive addition to your food display. With a double-wall stainless steel design, this insulated bowl maintains serving temperatures, prevents condensation and lasts for years. No preheating or chilling is required for impressive convenience and superior results. The satin-finish interior hides signs of wear, so this bowl always looks brand new, and the unique fluted design catches the eye and highlights the beauty of the food items placed inside.
