VOLLRATH

FML-2V

Two-column vertical flush-mount T-shaped lid holder in black

The flush-mount lid holder by Vollrath is an excellent choice for any high-traffic drink station. Simple and easy to use, this lid holder accommodates both hot and cold drink lids in a variety of designs. Two vertical columns mean you can offer higher volumes of your most popular lid or provide two different options. The flush-mount design saves valuable space and can be installed in your counter or cabinet, while the mar-and fingerprint-resistant plastic construction reduces cleaning time and maintains a sleek appearance in your service area.
