Specifications

CMSC-RF Model Combination Mop & Storage Cabinet with Fan Assembly is constructed of 18GA Type 304 stainless steel with (2) two full height hinged doors. The cabinet is 46 1/2" wide x 30" deep x 84" high with a full height compartment separating the 23" long x 26" wide sink from a 20 1/2" long x 30" wide cabinet space with (2) fixed shelves and a ramp to easily roll the mop bucket in for storage.

Utility spray hose and (2) two mop holders are included with the unit.

The upper section of the cabinet has (1) one fixed shelf notched for mop handles.

Cabinet comes with sloped top louvers, side louvers, louvers on top shelf & on storage side shelves. Unit is equipped with a double fan enclosed in a stainless steel assembly. Fan assembly is equipped with 125V, 15A, 3-phase, 8' long cord & plug. Timer for scheduling is included.

Sloped top comes standard.

Product Guide

The Combination Mop & Storage Cabinet w/ Fan Assembly is designed for use where space is limited and helps follow acceptable sanitary practices in any size facility. Mop buckets for kitchen and customer areas can be easily emptied, cleaned and refilled as needed in the sink side.

The shelf provides storage space for cleaning supplies. Ramp provides an easy way to roll the mop bucket in for storing.

The design features an attractive finish which allows placing this unit in cooking, prepping and customer areas. Compact facilities are particularly suited for use of this unit, as are most other establishments.

The integrated fan assembly & louvers enable better air circulation. This allows mops to dry quicker, stopping mold growth. The fan & louvers ultimately eliminate musty odors, dirty water smell, chemical odors, etc.
