VOLLRATH

NBC11

Full-size cubic modular nose case with front door and nonstick aluminum sheet pan

Designed to exceed expectations, the cubic modular nose case by Vollrath creates a beautiful presentation in your buffet or serving area. The clear construction offers excellent product visibility and the front door ensures convenient front access for restocking or self-service. This case comes with a nonstick aluminum sheet pan (Vollrath® item number 5303NS), which offers impressive durability and easy release. The reusable chalk label is perfect for self-service areas and allows you to identify your food products; list ingredients or note vegan, gluten-free, dairy-free or other diet-specific options.
