CSB
Free Standing Hand Sink

General Information

Project Name: _____

Consultant: _____

Item #: _____

Model #: _____

Quantity: _____

Specifications

CSB Model Hand Sink is constructed of 20GA Type 304 stainless steel, with integral backsplash and apron. Sink bowl is deep drawn with non-drip edges and built-in pitch to 1½" waste outlet. Stainless steel front apron conceals bowl. Mount to wall with wall screws through top and lower brackets. Sink bowl is 14" x 10" x 5".

Sink is furnished with a full size base mechanically attached to the apron and fully enclosing all plumbing.

Product Guide

CS Hand Sinks are dual designed for Institutional and Commercial applications. For use in kitchens and public areas, with abuse resistant features, such as integral apron, multi-point mounting surfaces and high quality faucets.

These sinks are an economical version of Models WS and HS Sinks.

Options are designed to make the sink suitable for a variety of locations throughout the facility, such as prep areas, administrative, receiving and shipping and public areas.

Options

- ☐ **SS** - Side Splashes (Pair)
- ☐ **TWB** - Tubular Wall Brackets
