VOLLRATH

3819

19-quart Optio™ brazier in natural finish

The Optio brazier by Vollrath features a large base and shallow sides that make it easier than ever to braise a wide variety of meats to perfection. Featuring a natural finish and aluminum-clad bottom, this induction-ready brazier ensures even heating and uniform cooking. The stainless steel construction resists discoloration and corrosion, allowing this pan to last for years, and prevents flavor retention for higher-quality results. The welded handles are impressively durable and provide a steady grip, helping you transport heavy pieces of meat with ease.
