CSO
Free Standing Hand Sink w/ Octagon Base

General Information

Project Name: _____

Consultant: _____

Item #: _____

Model #: _____

Quantity: _____

Specifications

CSO Model Hand Sink is constructed of 20-gauge Type 304 stainless steel, with integral backsplash and apron. Sink bowl is deep drawn with non-drip edges and built-in pitch to 1½" waste outlet. Stainless steel front apron conceals bowl. Sink bowl is 10" x 14" x 5".

Sink sits on octagon base which is constructed of 18GA type 304 stainless steel. Octagon shape adds style to any space.

Product Guide

CS Hand Sinks are dual designed for institutional and commercial applications. For use in kitchens and public areas, with abuse resistant features, such as integral apron, multi-point mounting surfaces and high quality faucets.

These sinks are an economical version of Models WS and HS sinks.

Options are designed to make the sink suitable for a variety of locations throughout the facility - such as prep areas, administrative, receiving & shipping and public areas.
