WS-SEC
Security Wall Hand Sink

General Information

Project Name: _____

Consultant: _____

Item #: _____

Model #: _____

Quantity: _____

WS-SEC-1D

Specifications

WS-SEC Heavy Duty Wall Correctional/Security Hand Sink is constructed of 16GA type 300 series stainless steel, with a tall integral backsplash and non-drip marine edges, coved corner sink bowl and built-in pitch to 1½" waste outlet.

14GA front apron removable only with ACFSA approved correctional fasteners with rear flanges and "Z" strip for secure fastening to wall.

Deck mounted automatic slow, self-closing, vandal resistant faucet to be Krowne #14-560L, or equal is standard. All sinks are NSF approved and in compliance with the American Correctional Food Service Association Standard #1.

Product Guide

IMC Hand Sinks are easily cleanable without the use of tools. All corners are coved, and all seams are fully welded and polished.

Large oversize deck provides space for other built-in accessories, such as a soap dispenser or eye wash station and integral towel dispenser. High backsplash protects wall and keeps sink sanitary. Large integral apron conceals all plumbing.

Designed specifically for correctional and similiar applications.
