SCS-1
1 Compartment Scullery Sink

General Information

Project Name: _____

Consultant: _____

Item #: _____

Model #: _____

Quantity: _____

Shown with Right Drainboard & Extra Deep Bowl

Specifications

SCS-1 Model Scullery Sink is constructed of 14GA or 16GA Type 304 stainless steel with single or multi-compartment bowls and double wall separators. Sinks are mounted on 16GA, 1⅝ stainless steel tubes with stainless steel adjustable feet for leveling. Sink bowls are coved at all corners and pitched to a 3½" waste cutout.

Full length backsplash is 10" high and holes for faucets 8" on center accommodates your choice of faucets. The entire unit is finished with a satin brush finish. Drainboard extensions are separately supported with stainless steel legs, as required.

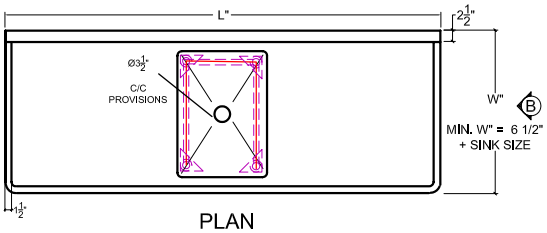

Sound Deadening is standard on all scullery sinks.

Product Guide

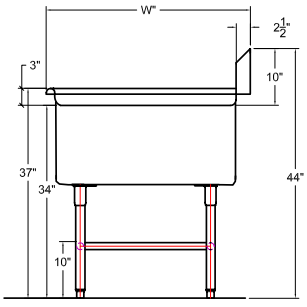

IMC Scullery/Service Sinks Model "SCS" are designed for heavy duty application in large or medium Institutional Facilities or where constant use is likely.

Options available are designed to make this product suitable in a variety of locations in the facility for applications, such as Deli, Vegetable or Bakery sinks or for pot cleaning.
