Specifications

UCS-SM Model Undercounter Mobile Soak Sink is constructed of 16GA type 300 stainless steel pitched to a 3½" drain opening. Sink has interior coved corners. Unit is mounted on 1⅝" diameter 16GA stainless steel legs and 5" diameter casters, (2) w/ brakes.

Unit comes standard with twist lever drain and optional silverware chute available.

All welds are ground smooth and polished to a #4 finish.

Product Guide

IMC undercounter mobile soak sinks are great for soaking dirty silverware prior to washing.

Lower height allows unit to be stored under the worktable.

When unit comes w/ optional silverware chute, it makes it easy to push silverware off the table and down the chute into sink, making for a fast cleanup.
