Traex® Full-Size Green 49 Compartment Glass Rack Extender

This green full-size 49 compartment glass rack extender offers versatility for your warewashing system! Use it to quickly and easily change the height of your Vollrath glass racks to allow your racks to hold a different size and type of glass. Using an extender with your racks is an economical way to expand your warewashing capabilities by using the glass racks you already have. This extender fits all 49 compartment full-size Vollrath Traex® glass racks and adds up to 1 9/16" to the overall height of your glass rack.

FEATURES & BENEFITS

- Made with a co-polymer material
- Quickly adds height to glass rack for taller glasses
- Open profile allows thorough washing and superior air circulation
