Solid Shelves

NSF

- Designed for storage of small parts that might normally fall through wire shelves
- Dual layer construction with double hemmed perimeter with marine edge ensures maximum strength while retaining spillage and excellent corrosion resistance

Posts

NSF

All posts are fabricated from 16 gauge carbon steel with location grooves on one inch increments and ease for shelf installation. Numbers are printed between grooves for quick assembly. Posts are double grooved in consistent intervals for quick identification. Leveling legs are enclosed with all posts. Leveling legs cannot be used in conjunction with stem casters. Custom post heights are available, call for additional information.
