Packaging Details

Take 6 jars and place within the inserts of the holder. Take collars CM1-CM10 and nest together, then place 6 splashgaurds within the collars; this set of components is placed in a polybag which is then seeled shut. Each top is packaged in its own sealed poly bag, there are 6 tops packed together in a polybag with printed warnings. All components are nested together and placed in a 3-Ply carton; there is one dressing set per master. Apply a UPC label to each master carton.
