

BCO-6000

EaziClean™ Heavy-duty can opener with quick release blade

Save time and energy with the Vollrath® medium-duty can opener. The quick-release blade carrier allows for efficient cleaning, while the case-hardened blade adds longer life. The high-grade steel-cutting mechanism creates a clean cut, preventing metal shavings, and can withstand intense pressure. Its durable alloy construction is built to last, and the ergonomic design is easy to use. All cutting mechanisms are dishwasher safe for added convenience. Color-coded for quick identification, this can opener is a great choice for any kitchen.
