VOLLRATH

FML-3VS

Three-column vertical flush-mount T-shaped lid holder with straw holder in black

The flush-mount lid holder by Vollrath is an excellent choice for any high-traffic drink station. Simple and easy to use, this lid holder accommodates both hot and cold drink lids in a variety of designs. Three vertical lid columns mean you can offer higher volumes of your most popular lid or provide a range of options, and the straw holder at the bottom maximizes space and offers additional convenience. The flush-mount design can be installed in your counter or cabinet, while the mar-and fingerprint-resistant plastic construction reduces cleaning time and maintains a sleek appearance in your service area.
