VOLLRATH

TR8

Full-size 16-compartment Traex® glass rack in beige

The strength of the Traex full-size glass rack by Vollrath is unmatched. Made of copolymer plastic to ensure chemical, impact and heat resistance up to 180°F for 30 minutes, this glass rack is impressively durable. The open profile allows top-to-bottom and side-to-side washing, as well as air circulation for superior cleaning and drying, while the built-in rack dividers provide 100 percent vertical protection for your glassware. Compartments maximize space, reducing the number of loads required to wash all your glassware. Handles on all four sides of the rack ensure easy gripping and transportation, while reinforced index strips allow for four-way tracking.
