

TRD

Full-size 16-compartment Traex® extender for glass rack in beige

Instantly add height to your full-size 16-compartment Traex glass rack with this extender. Instead of purchasing a whole new glass rack, this extender provides the versatility of multiple glass racks in one. By adding 1 9/16 inches to the total height of your rack, you can provide additional vertical protection for your taller glasses and cups to prevent chipping and breakage. Made of copolymer plastic to ensure chemical, impact and heat resistance up to 180°F for 30 minutes, this extender is impressively durable.
