VOLLRATH

40744

1 ½-HP No. 22 meat grinder

Efficient and reliable under demanding conditions, the No. 22 meat grinder by Vollrath is the ideal product for butchers, supermarkets, restaurants, delis and more. This grinder has a stainless steel body with no sharp corners or seams, and the feed tray holds large amounts of meat at once, while the pusher helps you feed the product down the chute. The 1 ½-HP energy-efficient motor and precision gear drive easily grind 528 pounds of meat per hour, and a forward and reverse switch allows for higher-quality grinding. Nonskid feet maintain stability, and the grinding head, pan and attachments are dishwasher safe, ensuring a quick cleanup.
