# Stainless steel egg poacher with Steel Coat x3™ nonstick coating

The egg poacher by Vollrath is perfect for high-volume kitchens. It's made of durable stainless steel, promising years of use, and the thoughtful construction creates exceptional, consistent results. The impressive Steel Coat x3 nonstick coating helps the eggs slide off the pan and makes cleaning a breeze. This pan is designed to fit standard and gastronorm full-size pans and is perfect for use with steam or in combi ovens.
