6 ½-inch one-piece heavy-duty wire mesh skimmer with long handle

The heavy-duty wire mesh skimmer by Vollrath is an excellent choice for removing food from hot fryers, deep pots and more. The strong construction promises years of service, and the wire mesh allows liquid to drain away quickly and easily. The long, thick handle allows you to maintain a safe distance from hot temperatures and offers a comfortable grip, while the hang-hook at the end provides a convenient storage solution.
